

Second Session of the First Legislature Opens To-Day

SHOT MADMAN IN SELF DEFENCE

Hornbach, Crazy Rancher at Big Eddy of the McLeod, Chases Partner and Employee Into Log Shack and Besieges Them--They Shoot to Maim But Aim Proved Fatal

Crowded into a small shack that served as a store near the Grand Eddy on the McLeod River by the insane rancher Hornbach, who risked the walls with bullets, the men whom he had chased to their shelter were compelled in self-defence to kill, or at least incapacitate the madman, and two bullets laid him dead as he stood in the distance with a rifle to his shoulder and a bead on the imprisoned men who would have rescued him. Such is the substance of the story just brought to the city from Lac Ste. Anne by Constable Tyler of the R. N. W. Mounted Police.

The tragedy occurred on the 15th of December last. Hornbach, who had become a madman from exposure to the cold and loss of his stock, pursued his partner and an employee from the ranch over the snow for two miles while the bullets from his rifle buzzed around their heads. Cover was made at the small store in the distance and there Hornbach held at bay his men for a time. From a distance of a hundred yards he told them how straight he could shoot, and nearer and nearer the bullets came to the building. Death from the hands of a madman stared the imprisoned men in the face and after contemplation it was decided to make him if possible. The aim proved fatal however, and in an instant Hornbach was cold in death.

CONVENTION CONCLUDED

Premier Declares for Expansion of City Schools and Increased Grants for Secondary Schools--Admirable Papers Dr. Ferris and A. Mitchell This Morning

The convention of trustees have concluded their labors. Sessions were held yesterday and this morning and many questions of vital importance to the development of Alberta's school system were discussed. The delegates have made provision for permanent provision, and will meet annually in future.

The morning was devoted to the reception of the report of the committee on resolutions. Two admirable papers were given by W. D. Ferris, of Edmonton, on the Medical Inspection of Schools, and by A. Mitchell, of the department of agriculture, on the Improvement of Rural School Premises.

The first question that engaged the attention of the convention yesterday was an address by E. H. Crandell, chairman of the public schools of Calgary. He pointed out that the liberality of the Government was shown by the grant given for the keeping school open, (b) qualifications of teachers, (c) attendance and (d) equipment as set forth in the inspection report. The object was to increase the efficiency of our public schools. With the development of our towns and cities new conditions are arising which call for further action. The need was being pressed upon boards more and more. One of special instruction to supplement the public school program. Calgary schools had special instruction given in music, manual training and physical drill. Other examples would be found in Edmonton and Winnipeg. No special grant is given for such work in Alberta. He suggested a specific grant with an additional sum contingent upon equipment. He was in favor of special instruction in writing, drawing and domestic science. He thought that the appointment of city superintendents should be recognized as some tangible form. Such officials could relieve the inspectors from the supervision of city schools.

The first party of the R. N. W. M. Police, composed of Constables Stark and Shand, left Edmonton in quest of the madman on the 15th of December. The speech, which, though lacking from the throne, is generally regarded as the work of the cabinet in power, foreshadowed a great mass of important and beneficial legislation. It recites all the forms that have hitherto been told by the premier and his ministers. There was scarcely anything in the ceremony that distinguished it from similar functions in other provinces, and probably no such novel interest was manifested as at the opening last year. The day was fine, the sun shining out in sparkling splendor in the clear frosty air. It was a gala day for the legislature. The ladies turned out in the richest attire of many hues, forming a whole gamut of chastely toned coloring and mingled in a mosaic of beautiful costumes. The house was met by the officers of "B" and "C" squadrons, and other officers of the militia in full military uniform. The staff comprised Col. E. B. Edwards, 7th Infantry brigade; Major Jamieson, "B" squadron, C.M.R.; Major Irvin, D.S.O.; Surgeon Capt. Gillespie, 4th regiment; Lt. A. Gillespie, 4th regiment; and Lt. B. C. d'Easum, "C" squadron, C.M.R.

The speaker's representative then proceeded to the legislative chamber preceded by the sergeant at arms, bearing the mace, and attended by his aide-de-camp. Behind him waited the officers who received his Honor at the entrance.

The entrance of the King's representative being announced by the aide, the members who had assembled previously and the spectators, rose up to receive him.

His Honor mounted the steps of the throne, and receiving the speech from the speaker, he was accompanied by the customary gentlemen, proceeded to read as follows:

House in Session.
His Honor having done speaking handed the speech to the clerk of the house and retired.
Next the mace was laid on the table and the Speaker took his seat. Most of the members were present. The speaker announced that he had received the speech from the throne and read it again to the House.

The premier then introduced a bill to amend the ancient right of Magna Carta. The bill deals with the rights of office respecting justices of the peace.

The clerk of the House read the certificate of the return of J. H. Holden for Vermilion, and E. H. Riley for Gleichen. The premier and the Hon. W. H. Cushing then left the chamber and returned with the new member for Gleichen, stating he had taken the oath.

The premier moved that the speech from the throne be taken into consideration on Monday next at 8 p.m.

It was next resolved that the general standing committee for the transaction of the business of the House be appointed. A special list consisting of: Hon. A. C. Rutherford, Hon. W. H. Cushing, N. S. R. Crawford, N. J. Robertson, John W.

Mr. SEAKER and GENTLEMEN OF THE LEGISLATIVE ASSEMBLY.

It gives me great pleasure to welcome you to the Second Session of the First Legislature of the Province of Alberta. The past year has witnessed an unparalleled development in Western Canada, and particularly in this Province. Our humble gratitude is due to Divine Providence for the bountiful harvest of the past year, and for the material prosperity that always follows in the train of good crops in an agricultural country such as ours.

During recess a conference of the Premiers of the various Provinces was held in Ottawa with a view to arriving at a readjustment of Provincial subsidies, as a result of which it is gratifying to observe that a fair basis of division as between the Provinces and the Dominion was arrived at, a basis which will materially assist in making provision for the ever-growing necessities of this Province.

It is also a subject of gratification that the census taken during the past year by the Federal Government demonstrated that this Province was entitled to a larger share in the Councils of the Dominion, and that at the present Session of Parliament a Bill has been introduced to provide for the increased representation of Alberta in the House of Commons.

The Province has been honored since the last meeting of the Legislature by a visit from His Excellency, Earl Grey, Governor-General of Canada, accompanied by Her Excellency, the Countess Grey and the members of their family. It is a source of great satisfaction to the people of the Province to observe the keen interest taken by His Excellency in everything that pertains to its history and development, more especially as the extensive experience gained by His Excellency in the numerous responsible public offices he has held makes his views upon any matter of public importance of the greatest value.

Your attention will early be directed towards measures for the establishment within the Province of Courts of Justice. Too much importance cannot be attached to this matter, as it is the essence of good government in any country that the machinery through or by means of which laws are enforced should be on a sound basis. I am therefore confident that your most careful attention will be directed towards these measures.

The increased activity in railway construction that has recently taken place throughout the West, and the certainty of a very much larger development in this direction in the near future makes it imperative that provision be made for a uniform law governing railways within the Province. A measure will be submitted to you having this purpose in view.

The growth of trade and commerce in the Province during the past year has been very rapid, and with increased growth comes new responsibilities. It has long been felt by the commercial community that the law governing assignments by insolvent persons was in a condition far from satisfactory. In order to ameliorate this condition of affairs, a measure providing for a complete system of administration of insolvent estates upon the most approved lines will be submitted for your consideration.

An Act respecting the custody of Insane Persons and the disposition of their property, including a scheme for the support of insane persons out of their own property in asylums where possible, will be among the measures submitted to you.

The protection of game and game birds in the Province has occupied the attention of my Government during recess, and as a result of very thorough investigations a measure having this object in view will receive consideration at your hands.

Provision for the further encouragement of secondary education in the Province is another matter which you will be asked to closely consider. And in this regard also a measure having for its object the taxation of lands in the Province outside of organized school districts for the support of education generally will be brought before you.

An Act for the protection of the Public Health will be among the important measures to receive consideration at your hands, and provision for increasing the revenues of the Province by a fair and equitable assessment of Corporations therein will also be brought before you.

The Public Accounts and the Estimates will be laid before you at an early date.

Mr. SEAKER and GENTLEMEN OF THE LEGISLATIVE ASSEMBLY:

I feel sure that your deliberations upon the matters to be brought to your notice will conduce to the prosperity and well-being of the Province.

BEAUTIFUL SUNSHINE GREETED THE OPENING

His Honor the Lieutenant-Governor Escorted to the Assembly Hall by Cavalcade of Soldiery

The second session of the first legislative assembly was opened today by His Honor the Lieutenant-Governor Bulvey. The speech, which, though lacking from the throne, is generally regarded as the work of the cabinet in power, foreshadowed a great mass of important and beneficial legislation. It recites all the forms that have hitherto been told by the premier and his ministers. There was scarcely anything in the ceremony that distinguished it from similar functions in other provinces, and probably no such novel interest was manifested as at the opening last year. The day was fine, the sun shining out in sparkling splendor in the clear frosty air. It was a gala day for the legislature. The ladies turned out in the richest attire of many hues, forming a whole gamut of chastely toned coloring and mingled in a mosaic of beautiful costumes. The house was met by the officers of "B" and "C" squadrons, and other officers of the militia in full military uniform. The staff comprised Col. E. B. Edwards, 7th Infantry brigade; Major Jamieson, "B" squadron, C.M.R.; Major Irvin, D.S.O.; Surgeon Capt. Gillespie, 4th regiment; Lt. A. Gillespie, 4th regiment; and Lt. B. C. d'Easum, "C" squadron, C.M.R.

SPEECH FROM THE THRONE

Mr. SEAKER and GENTLEMEN OF THE LEGISLATIVE ASSEMBLY.

It gives me great pleasure to welcome you to the Second Session of the First Legislature of the Province of Alberta. The past year has witnessed an unparalleled development in Western Canada, and particularly in this Province. Our humble gratitude is due to Divine Providence for the bountiful harvest of the past year, and for the material prosperity that always follows in the train of good crops in an agricultural country such as ours.

During recess a conference of the Premiers of the various Provinces was held in Ottawa with a view to arriving at a readjustment of Provincial subsidies, as a result of which it is gratifying to observe that a fair basis of division as between the Provinces and the Dominion was arrived at, a basis which will materially assist in making provision for the ever-growing necessities of this Province.

It is also a subject of gratification that the census taken during the past year by the Federal Government demonstrated that this Province was entitled to a larger share in the Councils of the Dominion, and that at the present Session of Parliament a Bill has been introduced to provide for the increased representation of Alberta in the House of Commons.

The Province has been honored since the last meeting of the Legislature by a visit from His Excellency, Earl Grey, Governor-General of Canada, accompanied by Her Excellency, the Countess Grey and the members of their family. It is a source of great satisfaction to the people of the Province to observe the keen interest taken by His Excellency in everything that pertains to its history and development, more especially as the extensive experience gained by His Excellency in the numerous responsible public offices he has held makes his views upon any matter of public importance of the greatest value.

Your attention will early be directed towards measures for the establishment within the Province of Courts of Justice. Too much importance cannot be attached to this matter, as it is the essence of good government in any country that the machinery through or by means of which laws are enforced should be on a sound basis. I am therefore confident that your most careful attention will be directed towards these measures.

The increased activity in railway construction that has recently taken place throughout the West, and the certainty of a very much larger development in this direction in the near future makes it imperative that provision be made for a uniform law governing railways within the Province. A measure will be submitted to you having this purpose in view.

The growth of trade and commerce in the Province during the past year has been very rapid, and with increased growth comes new responsibilities. It has long been felt by the commercial community that the law governing assignments by insolvent persons was in a condition far from satisfactory. In order to ameliorate this condition of affairs, a measure providing for a complete system of administration of insolvent estates upon the most approved lines will be submitted for your consideration.

An Act respecting the custody of Insane Persons and the disposition of their property, including a scheme for the support of insane persons out of their own property in asylums where possible, will be among the measures submitted to you.

The protection of game and game birds in the Province has occupied the attention of my Government during recess, and as a result of very thorough investigations a measure having this object in view will receive consideration at your hands.

Provision for the further encouragement of secondary education in the Province is another matter which you will be asked to closely consider. And in this regard also a measure having for its object the taxation of lands in the Province outside of organized school districts for the support of education generally will be brought before you.

An Act for the protection of the Public Health will be among the important measures to receive consideration at your hands, and provision for increasing the revenues of the Province by a fair and equitable assessment of Corporations therein will also be brought before you.

The Public Accounts and the Estimates will be laid before you at an early date.

Mr. SEAKER and GENTLEMEN OF THE LEGISLATIVE ASSEMBLY:

I feel sure that your deliberations upon the matters to be brought to your notice will conduce to the prosperity and well-being of the Province.

Mr. SEAKER and GENTLEMEN OF THE LEGISLATIVE ASSEMBLY:

I feel sure that your deliberations upon the matters to be brought to your notice will conduce to the prosperity and well-being of the Province.

Mr. SEAKER and GENTLEMEN OF THE LEGISLATIVE ASSEMBLY:

I feel sure that your deliberations upon the matters to be brought to your notice will conduce to the prosperity and well-being of the Province.

Mr. SEAKER and GENTLEMEN OF THE LEGISLATIVE ASSEMBLY:

HIS HONOR LIEUTENANT GOVERNOR BULVEY

House in Session.

His Honor having done speaking handed the speech to the clerk of the house and retired.

Next the mace was laid on the table and the Speaker took his seat. Most of the members were present. The speaker announced that he had received the speech from the throne and read it again to the House.

The premier then introduced a bill to amend the ancient right of Magna Carta. The bill deals with the rights of office respecting justices of the peace.

The clerk of the House read the certificate of the return of J. H. Holden for Vermilion, and E. H. Riley for Gleichen. The premier and the Hon. W. H. Cushing then left the chamber and returned with the new member for Gleichen, stating he had taken the oath.

The premier moved that the speech from the throne be taken into consideration on Monday next at 8 p.m.

It was next resolved that the general standing committee for the transaction of the business of the House be appointed. A special list consisting of: Hon. A. C. Rutherford, Hon. W. H. Cushing, N. S. R. Crawford, N. J. Robertson, John W.

NEW DEPOT FOR CALGARY

Canadian Pacific Will Build \$200,000

Structure in Southern City--Will Best in the West Outside of Winnipeg--Operations to Commence Early in the Spring

Bulletin Special.

Winnipeg, Man., Jan. 24.—The Canadian Pacific Railway Company will build a new depot at Calgary during the coming summer. It is estimated that the structure will cost \$200,000 and outside of Winnipeg will be the finest of its kind in the West.

The new depot will be built on the west side of the city, near the intersection of the main line and the branch line to the south. It will be a large, modern building, with a high, gabled roof, and will be capable of accommodating a large number of passenger trains.

The depot will be built on the west side of the city, near the intersection of the main line and the branch line to the south. It will be a large, modern building, with a high, gabled roof, and will be capable of accommodating a large number of passenger trains.

Vancouverites Incorporate Company to Build Cars in Terminal.

Bulletin Special.

Vancouver, Jan. 23.—A new and important industry has been launched here with a capital of a million dollars, under the name of the B. C. Car Co. Its object will be the building of shops for the construction of freight cars, etc. to fill the great demand in this line. The organization includes A. C. Flummerfelt, J. G. Woods, F. Buchanan, Robert Kelly and others, that Canadian and English capital is being lent. Located at the seat of war material, the new industry will fill a long felt want of the railways, and the inevitable public demands arising from car shortage.

The new depot will be built on the west side of the city, near the intersection of the main line and the branch line to the south. It will be a large, modern building, with a high, gabled roof, and will be capable of accommodating a large number of passenger trains.

News from Strathcona

DON'T WANT LIVELY LICENSE.
A Strathcona lawyer to license a tax on every feed and stock, \$15 on any and feed stores, and no tax on feed stores alone, is in a way of separation by the town solicitor Mr. Johnston. His object is to protect the lively stable owners from these doing business on the street and then cutting into the legitimate lively trade. A number of the lively men on the town, however, have declared their opposition to the measure and it is doubtful if it will be passed.

THE HOSPITAL SITE.
Previous to leaving on his trip east this week, Mr. Neilson made an offer to the town authorities of a new site for the public hospital. The land in question adjoins the southern boundary of the exhibition grounds. Although there are few trees on the land, it appears to be otherwise a very desirable site. It is understood that Mr. Neilson of it was about to sell to the town and those to whom the closing of the new site shall fall, might be very much to their credit. This gentleman's proposition, if a river site is not selected, as has been agreed by the city.

STRATHCONA'S BIG BOOM.
Despite the cold weather and large fall of snow, Strathcona is now experiencing a building boom. The architect and contractor, Mr. Neilson, in his history, "If this boom continues," said a well-known councillor, "Strathcona will have a greater city than Edmonton in the future."

The cause of it all is the new fire hall, which is the largest building in the city. The architect and contractor, Mr. Neilson, in his history, "If this boom continues," said a well-known councillor, "Strathcona will have a greater city than Edmonton in the future."

FIENDS TORTURE WEALTHY HERMIT
Horrible Crime Committed For Money
Eau Claire, Wis., Jan. 22. The body of Daniel Heenan, a wealthy hermit, was found from his own blood in a small hut near the house where he had been living alone. There were evidences that the old man had been tortured to make him reveal the hiding place of his money. Amputated fingers and toes lay scattered about, and the appearance of a heavy rope on a beam over which it hung coupled with marks on the victim's neck indicated that he had been strung up for a time. Apparently a blow on the head with a hammer finally made the confession. It is thought that the money was buried in the soil, as no hoard was found in the hut.

Freight Wreck IN WINNIPEG
Cars Piled Up and Horses Killed in Canadian Northern Yards—Passenger Engine Jammed a Switch—Probably Due to Snow
Winnipeg, Man., Jan. 24.—Several freight cars were smashed and a number of horses killed in a wreck which took place last night in the C. N. R. yards. A passenger engine jumped a switch and ran down the siding leading to the stock yards where a string of cars was standing. In the smash which followed four cars were piled up in a tangled heap and three others were thrown from the rails and across the road and of water street. In one of the wrecked cars were a number of horses and a second was loaded with cattle. How many of the animals were killed is not known. The ones which were only injured were removed in the ambulance to the horses' hospital. Officials of the railway company stated that the state whether the cars had not been properly cleared, or whether the accident was due to the snow. The accident was the worst of the kind where the four men were killed in a similar manner a month ago.

AROUND THE CITY.
—Band at Horner's Rink tonight. Joe O. K.
—Singing orchestra will play for the "Private Secretary."
—The Scarlet Mysteries at the Edmonton Opera House this evening.
—The A. P. A. will hold a banquet at the Prince Arthur Club next Tuesday evening.
—All bookmen who wish to join the Edmonton Book Club are requested to call on the secretary at Horner's Hall tonight at 8 o'clock.
—Grand Masquerade Carnival at Horner's rink tomorrow night, open to the public.
—H. H. Chadwick secretary T.M.C.A. addressed the students of Alberta college last evening at their mid week meeting.
—Edmonton Camp No. 128, Woodmen of the World, are initiating 18 lady members at their next meeting, February 4th.
—There will be a fancy dress carnival at the Thistle rink on Wednesday, December 26th. There will be \$5 in cash given as prizes.
—The funeral of the infant child of John Hay takes place from the family residence today, Thursday, at 2.30 p.m. to the Edmonton cemetery.
—The Knights of Pythias held an open meeting last night at Norwood Hall at which 200 were present and an enjoyable time was spent in dancing.
—The musical evening which was to have been held at St. Paul's church this evening has been cancelled, owing to the number of other attractions for tonight.
—The Young Men's Club of McDougall church meets to night at 8 p.m. for an evening of associates to which all young men are invited. Corner College and lat street.
—Dick Reed writes his New Year's resolutions to the Bulletin from the edge of the crater of the volcano of Kilauea, Hawaii. It is warmer there than it was in Edmonton on the first day of the year.
—Mr. John Hays, the proprietor of the Married Cafe states in the Bulletin yesterday that he is in no way connected with the Ladies Cafe, having turned over his interests some time ago to Mrs. R. L. Tait.
—"No odd" the boatmen will be in full force the moon's night, celebrating the anniversary of their Alma Mater's Birthday. They'll be appointed by the Haggis, anyway, the chairman of the pudding race.
—The Ancient Order of Foresters meet in Oddfellows Hall, Norwood Block, on Friday evening, when Mayor Griesbach will install officers. All Foresters are invited to attend. A supper will be served at the close of the ceremony.
—One of the most extensive real estate matters of recent months was the purchase on Tuesday of six entire blocks in old Norwood by Magnat, Hart & Co. the well known realty firm. The blocks are numbers 21, 24, 25, 26, 27 and 28—180 lots in all. The purchase price was in the neighborhood of \$200,000. This property was retained by McDougall & Sonnet as a reserve for the Provincial Parliament buildings and is being put on the market this week for the first time.

CONCERT AT ST. ALBERT
The Morris Concert party gave a very successful concert last night at St. Albert to a large and appreciative audience. A programme of fourteen numbers was carried out with artistic skill. The vocal solos and duets by Miss Anderson and Mr. Morris were rendered in excellent form, meeting with the approval of the audience. Charles Harber played three enjoyable selections from the great masters with his customary mastery of skill, and Mr. Harber in his solo solo went heartily applauded.
A PLEASANT EVENING
One of the most enjoyable social affairs of the week in Edmonton was a merry dancing party which took place at the home of Mr. A. McLaughlin, on the night of the 22nd inst. About thirty young people were present who enjoyed the pleasures of the evening to the limit, and many were the far away looks which were being cast at the announcement of the "Home Sweet Home" Waltz. It is to be hoped that the "Ever Popular Club" may at no distant date again assemble to keep fresh in all memories the memories of the many pleasures that have passed and gone.

Some of the wives of the Provincial members have accompanied their husbands to the city for the opening of a legislative session. Among these are Mrs. Puffer of Lacombe, who is a guest at the Alberta and Mrs. H. Herbert of Diabloy who is staying at the Cecil.

MINERS WANT SUNDAY LAW
Representatives of the United Mine Workers Interview Attorney-General With a View to Getting the Law Enforced in the Province of Alberta
Attorney General Croom was interviewed yesterday by a representative of the United Mine Workers of America in connection with the enforcement of the Sunday law in the Province of Alberta. The Dominion Parliament at Ottawa, and more particularly in connection with section 13 of the Sunday Bill whereby the consent of the Attorney General is required before a corporation can be allowed to take advantage of any of the clauses of the Sunday Bill. In reply to the representative of the United Mine Workers, Mr. Croom stated that he had written to the Hon. J. G. Sheppard, Secretary of the Lord's Day Alliance, in which he had stated to Mr. Sheppard that he did not think that section 13 of the Sunday Bill, whereby the consent of the Attorney General is required before a corporation can be allowed to take advantage of any of the clauses of the Sunday Bill, was a sufficient enforcement of the Act, and that he had advised the Hon. Mr. Sheppard that the enforcement of the Sunday Bill would have been the best way to enforce the Province of Alberta was concerned.

THURSDAY, JANUARY 24, 1907.

SESSION OPENS TODAY

The second session of Alberta's Legislature opens today, the work of the session proper, to be of considerable importance, there may not be quite as much legislation as was passed at the first session, but some very important items are upon the bill of fare.

A public health act will be passed and it will be a measure of the very first importance to the people of Alberta. The formation of new judicial districts will work a very necessary reform in the administration of justice, rendering the collection of small debts more expeditious and less expensive. Some amendments will be made to the liquor license law.

Strathcona is the only town at present ambitious to be a city and a charter will be granted to our neighbor across the Saskatchewan at this session. The number of private bills will be much smaller than last year.

A good deal of interest will be attached to the speeches of the mover and seconder of the address in reply to the speech from the throne. Mr. Riley, the hero of Gleichen, will make his bow as the mover, and Mr. Holden, the boy member for Vermilion, will make his maiden speech as seconder.

The tele minister for Gleichen, Judge Stuart, will be greeted by the members as well as the general government of the penitentiary, otherwise the House will be the same as last year.

THE NEW LAND ACT

When the Liberal party adopted their platform at the great convention held in Ottawa in 1893, the opening sentence of one of the planks in that platform read, "The land for the settler, not for the speculator," and it is very gratifying today to the supporters of this party to find the Liberal government determined to keep faith with the principles then laid down. During the ten years the Liberal party has been in power, it has consistently turned its face against large grants of land to railway corporations, and at the same time has used every effort to induce settlers to come from other countries and make their homes upon Canadian soil. Thousands of industrious farmers have been induced to come to this country to till the broad expanse of agricultural land found in the Canadian West. Cities, towns and villages have sprung up all over Western Canada during the last few years because of the influx of farmers who are producing wheat in the country, all of which is a direct result of the progressive immigration policy of the Dominion Government.

When the Autonomy Bills were up for discussion and the question of ownership of the lands in Alberta and Saskatchewan was a live issue, the Government, maintaining that they only desired to hold the lands in order that they might grant them to settlers who would make their homes in Canada, and the Minister of the Interior has kept faith to the letter with the two new Provinces in the land Act recently introduced by him in the Dominion Parliament.

By this Act, the odd numbered sections which escaped the rapacity of the railways in the days of large grants to those corporations, are now to be opened for settlement and one has to wait some of the few townships where odd-numbered sections are inhibited to get an adequate idea of the advantage it is to the country to have all the land open to the settlers. Besides opening this land to settlers, the privileges of a pre-emption is granted to every settler at the rate of \$3 per acre, the terms of payment are made exceptionally reasonable; he pays a registration fee on his pre-emption of \$10, similar to that paid upon his homestead and has no further payment to make for three years, when the \$40 becomes payable in five annual installments with interest at the rate of 5 per cent. per annum from the date of this first payment.

Equality of rights are protected in the new act so that where a man has already settled upon and improved land, that was formerly just open for location, he shall have the first right to locate it under the new law. The act has been prepared to facilitate the opening up of the country and will probably attract next year the large immigration that has yet come to the Canadian West. It will probably be a great attraction to American settlers who are among the most desirable acquisition to our population and it completely vindicates the position taken by the Liberal party in the last Provincial election here. Had the Province obtained the land, per such generous disposition of it could be made to yield an adequate income for Provincial purposes as the receipts from pre-emption will not cover the cost of the expenditure in connection with the Immigration Department, so that we have the Dominion Government adopting a policy for the direct purpose of filling up this country with healthy producing agriculturists, a policy that will be most conducive to the commercial activity and the general prosperity of the Province of Alberta.

NOTE AND COMMENT

The total grain receipts at elevators in Alberta from Sept. 1st to Nov. 30th, amounted to 40,930,781 bushels.

\$5,300 would have paid a good salary to somebody to make good bargains for the city in all its purchases.

A somewhat extensive experiment in government ownership of railways is being made in Mexico at the present time.

Don Herbert looks happy. No doubt he feels relieved at not having to give the casting vote as between two leaders.

Mr. Robertson is still leader of the Opposition, and the Greens who were recently coveting the position still has the lean and hungry look.

The exports of silver, in coin and bullion, from Mexico during the past year amounted to \$57,807,062. This country must have a cloud with a silver lining.

The City council finds it much easier to pass a resolution favoring earlier closing hours for the bars than to instruct the police to enforce the law as it now stands. The resolution business is always a temptation to alibis.

It was intimated that Commissioner Kinnaird was opposed to accepting the higher tender for sewer pipe. Whatever may be Mr. Kinnaird's faults he is generally found guarding the city's interests.

Western Items

Calgary Herald: The big abolition and ship-building establishment of P. Burns and Co., at Vancouver, will be ready for operation early in April, according to a statement made to the province by Mr. P. Burns, head of the firm.

Regina Standard: The local Baptists have adopted the plan of W. W. Hutton for their new church to be erected this coming summer. The building is to cost \$10,000 and the estimated completion will be over 1,000. The church is to be erected on the corner of Victoria and Loren Streets, immediately next to the new Land Title office.

Olds Gazette: The home of Mr. and Mrs. May, White Creek, was the scene of a pretty wedding on New Year's day, when their daughter, Miss Ella Fairbridge, was united in holy matrimony to Mr. George Fain. The bride was elegantly attired in a dress of pale blue, wore a bridal veil and orange blossoms. Miss Kathleen Gilbre was bridesmaid, while Roy Mills performed the part of best man.

Regina Leader: An interesting event took place yesterday afternoon at the close of business hours in the office of the Deputy Commissioner of Public Works, J. J. Robinson, when the entire staff of the public works department to the number of between forty and fifty, met for the purpose of presenting Mr. Robinson with a cabinet of silverware and addressing congratulatory remarks upon his recent marriage.

Calgary Albertan: The present city council will go right at it in the effort to get a new city hall. This is one of the bylaws which is referred to the people, but one which is up to the present time has not had any very satisfactory results. A by-law which was submitted to the council on Monday night next asking the taxation of the people in borrowing \$175,000, for the purpose of acquiring necessary property and erecting a city hall.

Regina Standard: A delegation representing the Roman Catholic hierarchy of this city and composed of Father Rufus, R. Binner, John McCarthy, John Murphy, and James Dwyer, will appear before the city council this evening to ask for a site for a new cathedral for the establishment of a Catholic hospital, to be maintained by one of the Catholic orders of nuns. The intention is to erect a thoroughly modern and comfortable hospital, and although no estimate of cost has yet been prepared, it is estimated that it will be under \$50,000. The hospital will be built this spring.

THE RAVAGES OF RHEUMATISM ARE CHECKED BY BILEANS

A Woman's Sensational Cure

Mrs. Melina Davis, a resident of Edmonton, has proved how wonderful effective Bileans are in the case of rheumatism and debility. She says: "I had pains in the limbs and across the back, dragging down symptoms and great weakness. Two years ago the pains in the back and about the limbs became almost unbearable. This condition continued as it was until last year when I was completely laid up. I tried various pills and medicines, but nothing helped. In October came a crisis. I was rendered completely helpless by acute rheumatism. My doctor's advice I went to the hospital, but I was under treatment for nine weeks. On returning I was confined to my bed again for seven weeks. I read a description of the good work Bileans were doing. This induced me to obtain a supply. Following the directions given for their use I took a little, and I felt that my progress was rapid. For some time now I have been able to perform my ordinary life and work, and am altogether a different person from what I was during the last winter. Rheumatism is due to the presence of certain poisonous acids in the blood. The 'filter' which filters the blood from the liver and the kidneys. Through these organs are in healthy operation they filter out the harmful acids. When they are not in healthy operation they fail, and rheumatism is one of the many serious results. Bileans do not act directly on the blood, but they act on the liver and kidneys, and thus correct the real cause of rheumatism by an indirect action, just as indirectly the flameless stove warms the room. Bileans are a sure cure for indigestion, liver trouble, headache, gas belching, pains in the chest, nervousness, piles, female ailments, and all blood impurities. Druggists sell at 50c a box, or post

free from the Bilean Co., Toronto, for price 8 boxes for \$2.50.

HOW IT SPREADS

The first package of Dr. Leobhardt's Hem-Roid (the infallible cure) has been put out west in a small town in Nebraska. It cured a case of piles that was considered hopeless.
 The news spread, and the demand prompted Dr. J. S. Leobhardt, of Lincoln, Neb., the discoverer, to prepare it for general use. Now it is being sent to all parts of the world.
 It will cure any case of Piles. Bleeds, with absolute guarantee. All dealers, or The Wilson-Flynn Co., Limited, Niagara Falls, Ont.

A SQUARE DEAL FOR ALL HERE

W. Johnstone Walker & Co.

Telegraphic.

Ottawa, Jan. 23.—W. S. Sturges, Nationalist, in the House of Commons, introduced a bill to amend the law relating to the Government's action in leasing 10,000 acres of swamp lands in the Northwest Territory for a period of twenty years at a rate of one cent per acre per annum, to Senator Kirchhoff, for amending purposes.

F. L. Schaffner, Senator, said that everybody knew that the law which the Government had passed in leasing swamp lands on the continent of America, but nobody knew that better than Senator Kirchhoff. The granting of a lease and the amendment in the provincial legislature and by the provincial people, and he desired to see it enter his strong protest here.

Hon. Frank Oliver thought that the Government would have been doing themselves and their party more justice had they waited until the return which is in course of preparation, and he before the House in the near future.

As he was and the improvement of the interior was concerned, the province was to be given in respect to swamp lands. As far as surveys were carried out and the lands reported, they were transferred to the provincial authorities, and in the last few days some thousands of acres had been transferred. As to the province having lost, he contended that Manitoba had gained by the delay, for they were now disposing of the land at a higher price than they could have done. With regard to the swamp lands, he contended that it was very difficult for an order-in-council to be passed and that the order-in-council was not to be passed and that the order-in-council was not to be passed.

There was no desire on the part of the government to abrogate any of the rights of the province, and as a matter of fact, the lease would not be issued, after the protest from the people of Manitoba. If it had been proposed to lease a lease to Senator Kirchhoff, for certain lands, that proposition would be a statement to the people of Manitoba that the government of the province of Manitoba was for the sale of the swamp lands, and it was expected that in the future the Dominion Government would be acting in accordance with the policy and action of the province of Manitoba, that such leases should be granted in that locality.

Correspondence.

Amendments to Our Liquor Law Needed

Sir:—It is sincerely to be hoped that the reasonable petition of the Temperance and Moral Reform Association of Edmonton and Strathcona regarding amendments to the liquor laws of the province will receive prompt and generous consideration at the hands of the government. The statistics represent largely the moral worth and highest interest in the community. It is to be hoped that the government will take the true function of government to legislate in the interests of the people, and to enforce such laws as shall be necessary to the happiness and tranquillity of the state. If evils exist, especially in the progress and the tranquillity of the state, it is to be hoped that the government will take the true function of government to legislate in the interests of the people, and to enforce such laws as shall be necessary to the happiness and tranquillity of the state. If evils exist, especially in the progress and the tranquillity of the state, it is to be hoped that the government will take the true function of government to legislate in the interests of the people, and to enforce such laws as shall be necessary to the happiness and tranquillity of the state.

The liquor traffic has no legitimate claim upon the people of this province. It has in fact, no right to exist. It is a source of crime and immorality, of suffering, poverty, disease and death. It is a trade which flourishes upon the ruin of its own customers, that derives its revenue from profligate lives and homes, and that inflicts to every vile pleasure and prosperity of which latter is the result of its trade. Even from a commercial point of view, the trade in strong drink does not deserve to live. It creates no wealth, but masters the wealth produced by others. The whole business exists in violation of the fundamental principles of honest trade. It gives no equivalent for the money it receives. The man who carries home a bottle of whisky in his stomach, adds nothing by so doing to the health and happiness of the home or of the community. The money is derived from legitimate channels of trade and absolutely wasted. Neither the man nor the community receive any advantage. In fact both receive manifest injury. The only ones who profit financially by the transaction were the liquor sellers and those associated with him in the trade.

Truly it is such a useless and destructive traffic allowed to exist? Principally because it pays a large tax, then or revenue into the government. The mercantile is a great trade, and does it really pay to destroy the raising of a business that turns over respectable citizens into sinners and drunkards? Does it pay for a money consideration to make a trade that populates jails, poorhouses and cemeteries? No, it does not pay. It never has paid. It never will pay.

The enlightenment, as well as the moral sense of the people, is opposed to this trade of death. The sentence of death has been declared against it, and it is to be destroyed because it is out of keeping with the moral order and progress of the universe, and the rights and interests of man.

It is at this moment that the most complete upon this course, now, also, as strongly interested throughout the province, may we not at least confidently expect that the amendment now asked for, shall meet with the hearty approval and support of our legislators.

Edmonton, January 23, 1907.

A. D. McDONALD.

Western Items

Calgary Alberta: The Calgary Natural Gas Company struck oil while drilling at a distance of 10 miles from the city on Tuesday. The find was not very numerous at all, and the company is not sure of it. There has been no pumping and the flow is not very great. However, oil has been struck without doubt. Where there is oil there is gas. This is the most satisfactory feature of the discovery.

Daughter Press: The fifty annual issue of the Daughters' Yearbook, published on Tuesday evening, with nine hundred and thirty-five pages, is now on sale. The price is \$1.00 per copy. The number are from Gilbert Plains and from Grandview. Owing to the indifference of the public, the Daughters' Yearbook is not in evidence this year for the first time.

Winning Telegram: A company is to be incorporated shortly to build a sub-urban electric railway from the city of Winnipeg to Oak Bluff, Sanford, Lacombe, La Salle, and St. Norbert. It is proposed to run the line in parallel with the Mandanville road as far as La Salle, and then following the La Salle river to La Salle and St. Norbert. This line will be built by the company, who will be largely shareholders in the enterprise. Application for a charter will be made to the legislature next in session. Grading will commence early in the spring and be pushed forward as rapidly as possible in order to have the first section opened for traffic by the fall.

Calgary Alberta: During the last ten days real estate in the subdivision immediately north of the Bow river has been exceedingly active. Bennett & Co. reports the sale of fifty thousand dollars worth of their new subdivision, Sunnyside West, during three days of the last week. The firm reports Sunnyside properties in good demand, having turned over twenty thousand dollars worth this week.

Lebanon Herald: D. J. Whitney will display a fine lot of Lorraine jewelry, a three storey brick building, block in the spring. He made this announcement yesterday. The block will be erected on the property of Mr. H. W. Macdonald, last year of the Union Bank. It will have Red Pine street and will have fifty foot frontage.

Baltimore Times: In spite of the fact the lack of cars and the extra cold weather has curtailed the output to the Frank mine at least three hundred tons per day. The mine is now producing over six hundred tons. The new tipple, which has been erected, is now in use, giving the best of satisfaction.

Saskatoon Phoenix: Alex Crawford, the unfortunate householder of Bait's road district, injured to death on the prairie, was a young man, only thirty years of age, and was married but months ago. He was the son of J. W. Crawford, a retired business man, and a former mill owner and lumberman of Lacombe, Ont. His bride was a widow, was formerly Miss Margaret Ryan, daughter of John Ryan, a well-known farmer on the prairie, and was married on the summer of his betrothal, fifty miles from Saskatoon P. O. During the winter he was living on his father's homestead, near his own. His own land was on section 20-22-23 west of the third meridian.

Lebanon Herald: Work at the mines here is going on with activity. Most of the striking miners have returned to their old positions, and the best of feeling prevails. Between three and four hundred men are at work, and the output is being increased as rapidly as conditions will permit. A double shift will be put on this week, sufficient number of men is not available.

CITY MARKETS

Hay—Timothy 42; upland hay 31 to 37; alfalfa 28 to 30; straw 14 to 15; green feed 30 per load.

Announcement of Amalgamation

OF

The Douglas Co., Limited,

AND

The Western Printing Co.

IN view of the fact that the Stationery and Printing Business are so closely identified, the one being the compliment of the other, it has been decided to unite and combine forces in one large business to be better able to meet the many requirements of the trade in both the Printing and Stationery Business. It is the purpose of the New Firm to carry on a First Class WHOLESALE and RETAIL STATIONERY, PRINTING, PUBLISHING and BOOK MANUFACTURING BUSINESS in all its various branches.

For the present each Business will be carried on in their present respective premises, but under the Firm Name of "THE DOUGLAS CO., LIMITED, PRINTERS, BOOK-BINDERS, STATIONERS," etc.

The New Firm assumes all Liabilities, and will receive all open accounts due the Western Printing Co.

We take this opportunity to convey to the Trade our sincere thanks for the patronage extended to us during the past, and the kindly forbearance shown us in our frequent short-comings, and trust you will give the New Firm a continuance of your patronage, which they will appreciate.

SPORT

LOCAL WRESTLERS SEEM SCARCE

Moth Still Looking for Opponents—Has Fair Rep.—George the Greek Turns Up at Vancouver.

It is unfortunate that Geo. Carroll, alias, George the Greek, the wrestler who has been making his headquarters at Edmonton a few weeks last, has quit the city. On the stage he looked to be an artist who could have given Chas. Ma to a great go for the money. Moth is in the city for a few days and has issued a wide open challenge to the wrestlers in the west for any style that they care to make.

Moth and Carroll are of very similar build and weight, but when it comes to reputation Moth has a bit the best of it on the coast. Carroll is a German by birth and is thirty-nine years of age. He weighs close to 185 pounds and stands about 5' 10". He is a German by birth, but became a resident of the United States twenty-one years ago.

He is one of the best wrestlers in the Northwestern States and British Columbia, though he appeared at Vancouver, B.C., when he secured three titles in the George Whitney, in thirty-eight minutes. Since then he has been holding in North Dakota.

In his time he has met a number of America's fast mat artists and come through them all creditably. In 1904 he secured three straight victories over Frank Galt, the American champion at Humboldt, Iowa. He has since won his strength with Dan McLean at San Francisco, Chas. Winter in Cincinnati, Col. J. H. McLaughlin, about the best American he ever met at Kerman, of England, none of whom had much the best of him.

Moth's debut, which appeared in Westminster's Bulletin, stands for a week and nobody is debarred in his wrestling challenges. Arrangements for the match can be made through the sporting editor of the Bulletin.

George the Greek, the quite well-known local wrestler, who left Edmonton unexpectedly about a month ago, much to the sorrow of certain of his friends, has turned up in Vancouver. George told the reporter that he was just in from a trip north, and has issued a challenge to anyone in British Columbia for a wrestling match with a weight limit of 185 pounds. George is not particular when he clinches with and will accommodate all comers, be they white, black, Indian, Japanese or Hindu. George claims to have fairly won his reputation as a hard mat artist. He claims to have almost won a handicap match with the American champion, Frank Galt, and actually beaten Tom Steele under similar conditions. George is one of the few men that Jenkins failed to throw in an hour in an handicap match.

SKATING.

O. H. Bush the skater who cleaned up everything in sight in his class in Alberta early in the winter, and is now spending a few days in Vancouver, writes an Edmonton friend that he will return to the city and will take on anybody and everybody who can put up the money, for any distance.

This winter it looks as if Bush was about the fastest ice artist in the west, and he has left the city more of the other skaters have been talking about him and it looks as if they will have an opportunity to test their speed against him inside the next few weeks. Authorities claim that for any distance from a quarter to two miles Bush is invincible.

SPORTS OF ALL SORTS.

Sporting writers agree that a win by J. J. is a couple-the-score victory.

The medal in the Medicine Hat district was won from Maple Creek by the two trials from the Hat by a majority of seven points.

Larry Eiger, who plays baseball with the Winnipeg Maroons in the summer, has issued a challenge for skating on the ice at Medicine Hat for the championship of Manitoba.

J. Herbert Lennox, M.P.P., will introduce a bill in the Ontario Legislature to allow race meetings so much more and allow the money to a fund for the encouragement of a better class of horse breeding.

The Scarlet Mysteries

The Scarlet Mysteries open in the Grand Opera House tonight in a three nights' engagement. The story of the mysteries is being toured under the direction of Mr. Edward Dransfield, who has been associated with several previous successful ventures in the city.

The Scarlet Mysteries bring with them the reputation of six years' touring, during which period they have attracted large audiences in the Old Country, their success and popularity remaining undiminished. The company consists of eight gentlemen, who provide a light, bright, and versatile entertainment of a humorous nature, comprising musical burlesques, sketches, choruses, comic songs, and dances, come quarters in character, ballads, etc. In fact an endless variety of up-to-date material "brilliant" and "funny" also include among their number a lightning art-humourer whose funny stories and songs are illustrated with drawing-board and crayons in a most admirable style.

Mr. Edward Dransfield's name is sufficient to guarantee that the program will be of a refined and artistic order.
